- (a) Subject to the terms of this section B1.1, a discounted Charge will apply for each Standard Installation, OVC, UNI and Route Aggregation for each **nbn**TM Enterprise Ethernet Ordered Product that has:
- (i) an Order Acknowledged on or after the EE Price Transition Date; and
 - (ii) a specified Minimum Term.
- (b) Subject to section B1.1.1(c), the discounted Charge applied under section B1.1.1(a) will be the applicable Charge in the Price List for **nbn**TM Enterprise Ethernet on the date of the relevant Order Acknowledgement less the corresponding Discount in the following table on the date of the relevant Order Acknowledgement:

Specified Minimum Term	Charge in the Price List for nbn TM Enterprise Ethernet	Discount
24 Months	Standard Installation Charge	75%
	Recurring Charge for the OVC Product Component	10%
	Recurring Charge for the UNI Product Component	10%
	Recurring Charge for the Route Aggregation Product Feature	10%
36 Months	Standard Installation Charge	100%
	Recurring Charge for the OVC Product Component	15%
	Recurring Charge for the UNI Product Component	15%
	Recurring Charge for the Route Aggregation Product Feature	15%

- (c) If the Enterprise Ethernet OVC Discount in section B1.3.1 applies to an OVC Product Component of an **nbn**TM Enterprise Ethernet Ordered Product on the date of the relevant Order Acknowledgement for that **nbn**TM Enterprise Ethernet Ordered Product, the discount under section B1.1.1(a) will be applied to the effective Charge for that OVC Product Component under section B1.3.1, rather than applying to the corresponding Charge in the [Price List for **nbn**TM Enterprise Ethernet](#).

B1.1.2 Special Conditions

Duration of each Enterprise Ethernet Term Discount

- (a) Each discounted Charge that applies to an **nbn**TM Enterprise Ethernet Ordered Product under section B1.1.1 will continue to apply to that **nbn**TM Enterprise Ethernet Ordered Product for as long as **nbn** supplies that **nbn**TM Enterprise Ethernet Ordered Product until the earlier of:
- (i) the date on which that **nbn**TM Enterprise Ethernet Ordered Product becomes eligible for the Enterprise Ethernet Term End Discount; and
 - (ii) the date on which **nbn** withdraws or amends the [nbnTM Enterprise Ethernet Price List](#) or the applicable discount in section B1.1.1(b).

Amendments, suspensions and withdrawals

- (b) Subject to section B1.1.2(c), for changes to this Enterprise Ethernet Term Discount that are permitted under clause F4.9(g)(iii)(C) of the [Head Terms](#), **nbn** will give not less than 6 months' notice to RSP.

Note: Section B1.1.2(b) provides for a longer minimum notice period for specified changes than the minimum notice period that otherwise applies under the [Head Terms](#). Minimum notice periods for other changes, set out in other clauses of the [Head Terms](#), are unaffected.

- (c) **nbn** will ensure that any suspension, withdrawal or amendment to the terms of this Enterprise Ethernet Term Discount in accordance with this Agreement will not adversely affect the effective discounted Charge that applies during the Minimum Term of an **nbn**TM Enterprise Ethernet Ordered Product that is being supplied at the time of the suspension, withdrawal or amendment.

B1.1.3 Process to Claim

nbn will automatically apply any applicable Enterprise Ethernet Term Discount.

Note: RSP does not need to submit any Credit/Rebate Form in respect of this Discount.

(c) Subject to section B1.2.2(a), the effective recurring Charge for High Bandwidth will be applied as discounts to the recurring Charges for each High Bandwidth OVC.

Note: Each component 1000 Mbps bandwidth profile operates at less than 1000 Mbps because of normal equipment and network overheads. For further detail, see the [nbn™ Enterprise Ethernet Product Description](#) and [nbn™ Enterprise Ethernet Product Technical Specification](#).

B1.2.2 Eligibility

- (a) High Bandwidth may include a maximum of one High Bandwidth OVC with an Order Acknowledgement date before the EE Price Transition Date, in which case the effective recurring Charge for High Bandwidth will be applied as follows:
 - (i) the recurring Charge that is set out in the Price Confirmation for the High Bandwidth OVC with an Order Acknowledgement before the EE Price Transition Date will apply to that High Bandwidth OVC; and
 - (ii) the effective recurring Charge will be applied as discounts to the recurring Charges for the remaining High Bandwidth OVCs.
- (b) If RSP acquires five or more High Bandwidth OVCs (and Associated UNIs) at the same time, to the same point in the same Premises, for the same End User, **nbn** will:

B1.2.4 Extensions, withdrawals and variations

For changes to this 1G+ Enterprise Ethernet Discount that are permitted under clause F4.9(g)(iii)(C) of the [Head Terms](#), **nbn** will give 12 months' notice to RSP and will make available High Bandwidth that is:

- (a) supplied through one or more OVC CoS-H bandwidth profiles higher than 1000 Mbps;
- (b) subject to effective recurring charges which are equivalent or lower than the effective recurring Charges set out in section B1.2.1(a)(i) for equivalent amounts of High Bandwidth; and
- (c) introduced on or before the effective date of that change.

Note: Section B1.2.4 provides for a longer minimum notice period for specified changes than the minimum notice period that otherwise applies under the [Head Terms](#). Minimum notice periods for other changes, set out in other clauses of the [Head Terms](#), are unaffected.

10, 20, 30, 40, 50, 60, 70, 80, 90, 100, 150, 200, 250	\$500
300, 350, 400, 450, 500, 600, 700, 800, 900, 1000	\$1500

4. If an Enterprise Ethernet Channel Incentive 2022 Rebate Order is for more than one OVC, then the Enterprise Ethernet Channel Incentive 2022 Rebate that applies will be the Enterprise Ethernet Channel Incentive 2022 Rebate for the highest bandwidth profile of any of the Classes of Service across all of those OVCs. The Enterprise Ethernet Channel Incentive 2022 Rebate will not apply to the other Classes of Services and other OVCs which form part of that Enterprise Ethernet Channel Incentive 2022 Rebate Order.
